

Cloud Computing:

**An Important Big Data
Enabler**

After this video you will be able to..

- Make the case for the business value of Cloud Computing
- Express how the elasticity of Cloud Computing provides value for dynamic businesses

Cloud Computing

*Data Science →
#1 Catalyst for
economic growth!*
-McKinsey

**Computing
anywhere and anytime**

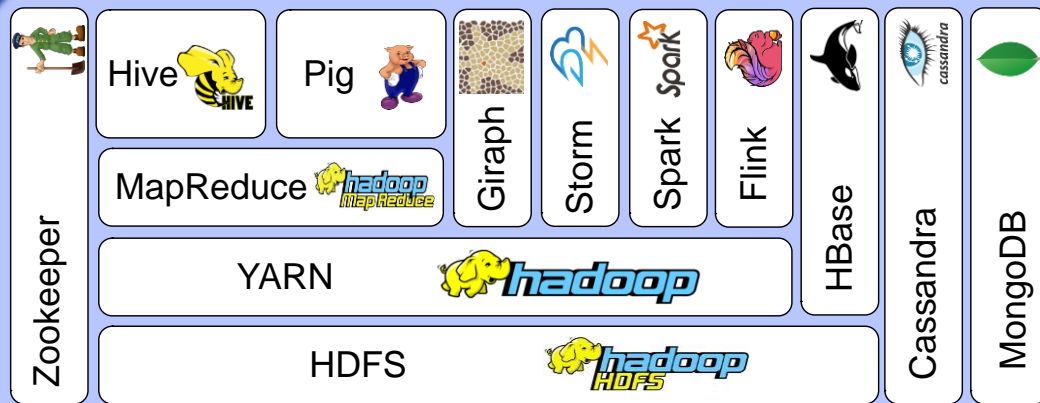

Computing
anywhere and anytime

On-Demand
Computing

Cloud → Keep focus on solving your problem

**Cloud =
IT infrastructure &
Applications on Rent
over the Internet**

Cloud =
IT infrastructure &
Applications on **Rent**
over the Internet

Cloud = IT infrastructure & Applications on **Rent** over the Internet
